About Our Family Preserves

In 1985, President Ronald Reagan proclaimed the month between Mother's Day and Father's Day as Family Reunion Month. **Our Family**

Preserves (OFP) is a service that offers a no-stress family reunion planning approach designed to help busy people plan successful family reunions while documenting their ancestry any time of the year.

OFP provides well-designed family reunion planning services to assist families with professional, fun, and memorable experiences. **Find your family, make and renew acquaintances, and keep the memories** through researching your ancestry, planning reunions, and creating keepsakes!

OFP SERVICES

Marcia Smith-Woodard, Planning Consultant, has more than 35 years of experience planning and executing fun-filled, memorable reunions for small to large gatherings and more than 15 years of genealogy experience.

OFP helps clients in Northwest Indiana to determine venues, lodging, attractions, dining and entertainment options for their reunions and special occasions.

Our genealogy sessions help clients to learn about researching their family's histories, collect information for their use at their reunions, and introduce them to the benefits of DNA testing for deeper family discoveries.

Oral or documented family histories may be assembled and published as family keepsake books. In addition to serving as published family histories, families may also choose to use their keepsakes as fundraisers for their reunions.

These services may be purchased together or in tiered packages and all services are available year round. A minimum of one year's planning time is suggested for the best reunion results.

CONTACT US

Contact **OFP** for assistance with writing obituaries too!

Reasonably priced genealogy classes are open to both those planning reunions and the general public. Some of our services may be contracted to support corporate milestone celebrations as well as for celebrations of birthdays, graduations, weddings, funeral
